

Date: 16th December 2017

TO WHOMSOEVER IT MAY CONCERN

This is to certify that we have procured and used **Mutag Biochip** High performance carrier media in our 125 KLD Pharmaceuticals effluent treatment project for secondary biological MBBR system. The plant with Mutag Biochip media is in regular operational since April 2015 and overall performance details for the past are given below

No	Parameters	Unit	MBBR Inlet	MBBR outlet
1	CDO	PPM	4200-7800	1430-2300
2	BOD – 5 days	PPM	2800-5100	400-620
3	TDS	Ppm	3600-4500	3600-4500
4	pH		7.2-7.7	7.4-8.0

We wish to certify that the Mutag Biochip media is working satisfactorily in our secondary biological MBBR system for the past 31 months and performance found satisfactory in terms of BOD, COD reduction, quality.

This certificate is issued without prejudice and we wish Mutag team all success in their future business
